

FABRIC

GALE PACIFIC USA INC.

PRODUCT: SHADECLOTH FOR TENSION STRUCTURES AND SHADE AWNINGS

①

Synthesis knitted shadecloth is especially designed for tension structures and shade awnings of all shapes and sizes. Domestic shadecloth and leisure products, which include gazebos, market umbrellas, shade sails, vertical and horizontal window awnings, appear worldwide under the brand name, Coolaroo. Advanced polymer fabrics, which include our knitted and coated fabrics, are marketed worldwide under the new Synthesis brand.

②

SUSTAINABLE ADVANTAGES AND FEATURES

- » 100% recyclable (Resin coating class 2)
- » Strong HDPE fabric won't rot or absorb moisture
- » Sintered (heat-set) to reduce shrinkage and for ease of fabrication
- » UV stabilized, mono filament and tape lock-stitch knitted
- » Specifically created as a shade fabric for tension structures

③

TECHNICAL INFORMATION

Synthesis Aspire: 100% monofilament yarn » Lock-stitch construction; UV-stabilized HDPE yarn; 5 colors; Nominal wt.: 390g/m²; Width: 3m wide rolls, 6m wide upon special order

Synthesis Commercial 95: monofilament yarn and tape » Lock-stitch construction; UV-stabilized HDPE yarn; 13 colors; Nominal wt.: 9.3 to 10.3 oz./yd²; Width: 3m wide folded.

Synthesis SupaShade Plus: 100% monofilament yarn. » Lock-stitch construction; UV-stabilized HDPE yarn; 13 colors; Nominal wt.: 37g/ m²; Width: 3.6m wide rolls

Synthesis SCA-220: Combination monofilament yarn and tape stentered to ensure stability » Lock-stitch construction; UV-stabilized HDPE yarn; 9 colors; Nominal wt.: 220g/ m²; Width: 3m wide rolls

COMPANY PROFILE

④

Gale Pacific is a public company that specializes in manufacturing consumer and commercial outdoor knitted fabrics and products utilizing these fabrics. The company's substantial product line includes knitted shadecloth, gazebos, umbrellas, exterior window shades and shade sails. It also manufactures a broad range of products coated with polyethylene and polypropylene for agricultural and industrial applications.

Gale Pacific's corporate office and manufacturing operations are located in Melbourne, Australia, with sales branches located throughout Australia, the United States and the Middle East. Founded in 1951, today the company is a recognized world leader in research, development and manufacture of knitted resin fiber fabrics. In 1994 it was certified as a Quality Endorsed Company with ISO9002.
